

UFO SUPPLIES OFFICIAL REPRESENTATIVE UV-SOURCE IN KENYA

On August the 22nd 2011 UV-Source B.V. and UFO Supplies B.V signed the agreement making UFO Supplies the official and sole importer for the UV crop protecting products in Kenya.

UV Source B.V is manufacturer and supplier of UV crop protecting products of the Clean Light method. The Clean Light method uses low dosage UV-c light to kill developing fungal spores in horticultural crops.

Premium reseller in Kenya for the UV crop protecting products is Hardi Kenya Ltd. Operating trolleys developed by Hardi Kenya will be at display at 2011 Naivasha Hortifair.

For more information about Clean Light crop protection, please contact UFO Supplies or Hardi Kenya.
